THE MAYOR'S OFFICE/Tomislav Tomasevic
Zagreb, Trg Stjepana Radića 1/III

Dear Tomislav,

On behalf of déi gréng, the Luxembourgish Green party, we would like to express our warmest congratulations on your well-deserved win of the mayorship of Zagreb. This surely comes as a recognition of your competence, passion, and hard work towards ensuring a Green space in the city of Zagreb.

Green politics are more than ever topical and can provide strategies to address the most pressing global issues of our times, from the health crisis to climate change and social justice. Indeed, as our German colleague Annalena Baerbock has asserted during last week's 33rd European Green Party Council, climate protection and social justice go hand in hand.

Green politics require green politicians on all levels. From the local, national to the European level. It is encouraging to see our green family expand on the international level as well. Thank you very much for your hard work and efforts to ensure that your city does its best to follow the path towards climate neutrality, social justice, and anti-corruption.

We are looking forward to cooperating for a Greener and more just Europe.

We hope we can meet you soon either in person, once the health situation will improve, or online.

Kind regards,

Djuna Bernard
Presidents of déi gréng
